

## Minimum requirements for own funds and eligible liabilities

From January 1<sup>st</sup> 2019, a requirement for total loss-absorbing capacity (TLAC) was introduced, as defined by the Financial Stability Board. In the EU TLAC requirements were implemented via EU regulation 2019/876 (also known as CRR II) that came into force in June 2019. This new regulation includes the new framework for the minimum requirements for eligible liabilities (MREL).

According with article 92a of EU regulation 2019/876, this requirement is applied to institutions considered a G-SII or that are part of a G-SII. Given the fact that Santander Totta SPGS, SA is almost fully owned by Banco Santander SA (considered a G-SII), this requirement is also applicable to Santander Totta SGPS, SA.

Santander Totta SGPS, SA's requirement, as of the reference date is

- 21% of total consolidated RWAs;
- 6.75% of total consolidated leverage exposure
